President's Comments

It has been a long winter and spring is around the corner. I think everyone at PSB is ready for warmer weather. Here are some of the new developments at PSB. First off, I am happy to announce our new and improved website. If you haven't taken a look, please do so. The new one is much more interactive than the previous one. If you have an interest in learning more about a product and/or service, you can click the "Learn More" button and someone will be happy to answer your questions. If you have any suggestions on how we could improve the site and make it more user friendly, please let me know. Secondly, on March 1st, we launched our newest suite of products, Kasasa! If you are interested in receiving massive interest give us a call or visit www.p-s-b.com. This is absolutely the best FREE account around. Do you Kasasa????? Lastly, PSB welcomes Mr. Brian Card as our new Investment Services Representative. Brian resides in Morton with his wife and 3 children. He will be a great addition to the PSB team and he is looking forward to meeting with you regarding your investment needs.

We have a number of things happening within the next couple months. We are planning a Kasasa party, a celebration of Community Banking Week as well as recognizing Princeville State Bank's 60th Anniversary. We have a lot to celebrate and to be thankful for including having you as our client.

I'm looking forward to 2010 and definitely warmer weather.....

Andrew A. Black, President/CEO

“Phishing”

Sounds tempting, as we are all patiently waiting for the weather to warm up, but in this context is something you want to avoid. Phishing is an attempt to fraudulently acquire confidential information such as usernames, passwords and credit card details through the internet. Recently, emails claiming to be from the IRS have been circulating. Often times the emails appear authentic, but you should never click on any link or attachment in an unsolicited message.

If you were to click on the attachment or link provided it may download a virus onto your computer. If a virus is downloaded it might allow access to your passwords and other personal information. This information, in the wrong hands, could prove harmful.

If you receive an email that you suspect is a phishing scam please report it to your email provider. Any phishing emails claiming to be from the IRS should be reported to phishing@irs.gov. If you think you have downloaded a virus contact professional computer support to help resolve the issue. To learn more about identity theft or to report it, please visit <http://www.ftc.gov/bcp/edu/microsites/idtheft/>.

Watch for exciting, upcoming events!

Do you Kasasa?

If your answer is no, here are some reasons why you should consider changing your reply to yes!

With Kasasa Cash and Saver you always get:

- Free online banking
- Free debit card
- No minimum balance requirements
- No monthly fees

When you qualify, you also get:

- Great interest in cash and automatic savings
- Nationwide ATM refunds

When you qualify on Cash, you automatically qualify on Saver. All you have to do is:

- Make a minimum of 10 debit card point of sale transactions per statement cycle
- Have 1 direct deposit or 1 monthly ACH auto debit per statement cycle
- Sign up for monthly eStatements

***Call or stop in at either of our locations for more information and to open a Kasasa account today!**

Recipe Corner

Guacamole

- 3 avocados-peeled and pitted
- 1 tbsp. lime juice
- 1 tsp. salt
- 1/2 cup diced onion
- 3 tbsp. fresh cilantro
- 2 roma (plum) tomatoes diced
- 1 tsp. minced garlic

In a medium bowl, mash together avocados, lime juice and salt. Mix in onion, cilantro, tomatoes and garlic. Serve immediately.
